## “International quality requirements for wellness and spa facilities”

Quality is a key success factor of our time, especially in international health and wellness tourism. EuropeSpa – the quality seal of the European Spas Association – is the most comprehensive evaluation scheme and the only international certification system considering more than 30 national and international laws and standards covering the areas of service, safety, hygiene and infrastructure.

As a spa manager, technician, quality assurance officer, consultant, or representative of official institutions or public services you will receive an in-depth introduction to the EuropeSpa standards and the regulation it is based on. The training course offers the unique opportunity to receive firsthand information by EuropeSpa CEO Kurt von Storch and discuss your challenges and opportunities. Last but not least you will have the possibility to take a test to receive the “EuropeSpa Expert” certificate.

## Contents of the training course

### Quality and safety management

- Quality assurance officer
- Microbiological aspects, hygiene plans, cleaning plans
- Service quality management, conformity tests, working instructions
